

## Join the CCLG Global Child Cancer group webinar

### Tackling Drug Quality in Paediatric Oncology in Low- and Middle- Income Countries (LMIC)

Calling all Paediatric Oncologists, Nurses and Pharmacists to collaborate and make a global impact

**Date: Thursday 14th May 2026**

**Time: 14:00-16:00 BST**

**Place: [Online Teams meeting](#)**

Serious concerns have been raised regarding poor quality chemotherapy in several countries with which the CCLG [Global Child Cancer](#) group have partnerships. This includes asparaginase and other oncology drugs essential for treating children with cancer.

Aims of the meeting:

- Share lived experience and evidence of drug quality issues
- Discuss pharmacological, clinical and operational implications, especially procurement
- Propose actionable solutions to support partner centres
- Develop a practical roadmap for future work

Presenters:

- 1. Prof Girish Chinnaswamy, Tata Memorial Hospital, Mumbai, India**  
'Experience from India and the National Cancer Grid. Testing of chemotherapeutic agents, biologics, PK studies, and procurement processes. Challenges in identifying reliable manufacturers. Importance of random testing and pharmacovigilance'
- 2. Dr Barry Goldspiel, PharmD, President, International Society of Oncology Pharmacy Practitioners (ISOPP), USA**  
'The Oncology Pharmacy Society's Perspective on Drug Quality Issues'
- 3. Hannah E. Sauer, PharmD, St. Jude Global Pharmacy Program, Department of Global Pediatric Medicine, St. Jude Children's Research Hospital, Memphis, USA**  
'Strengthening Access to Quality Childhood Cancer Medicines: Emerging Insights from a Global Platform'
- 4. Expert-led discussion and Q+A**
