Sharing Knowledge Globally

OPAB Program 10 Online Modules

The Oncology Pharmacotherapy and Applications of Biosimilars (OPAB) Program is complimentary for ISOPP members who are oncology pharmacists and have practiced for at least one year in the area of oncology pharmacy.

Visit www.isopp.org to learn more about the topics, authors and learning objectives. The program consist of 10 online modules (total of 25 hours) and an opportunity to meet at ISOPP's 2023 Symposium in Spain to expand the Biosimilars Expert Network.

Regional Collaboration in Action

ISOPP members sharing expertise and knowledge through:

- Masterclasses (virtual Oral Anti-Cancer and Implementation of Biosimilars) and a hybrid conference in collaboration with the Saudi Oncology Pharmacy Assembly;
- A virtual scientific exchange forum for clinical pharmacists across the Gulf Region on the topics of Cancer Patient Supportive Care Masterclass and Pharmacogenomics; and
- Connecting trainers to the Project PINK BLUE taking place as a virtual oncology pharmacy training program geared to Nigerians.

Resources and Virtual Journal Club

Online Virtual Library offering paid and complimentary access 24/7 to educational and topic-specific resources such as past Symposia, COVID19 and Biosimilars presentations and information, and past webinars.

Through the Virtual Journal Club, test your knowledge and competencies by answering a series of multiple choice questions featuring published articles in ISOPP's Journal of Oncology Pharmacy Practice.
